Re: McKoy, et al. v. The Trump Corporation, et al., No. 18-cv-09936 (LGS) (SLC)

Dear Judge Schofield:

We write on behalf of Plaintiffs to address two housekeeping matters.

First, we note that Defendants' October 24, 2023 submission included a notice of motion for an order dismissing Plaintiffs' claims without prejudice or severing and transferring Plaintiffs claims to federal district courts in California, Maryland, and Pennsylvania. ECF 642. For the reasons explained in our letter submitted earlier that same day, ECF 641, Plaintiffs oppose those courses of action and instead ask the Court to exercise its supplemental jurisdiction to bring Plaintiffs' claims to trial. Because the Court has heard from both parties on these issues according to the schedule and format that the Court directed, and given that the Court has already scheduled a conference on these issues for next week, we do not plan to submit a formal opposition to Defendants' submission, unless the Court would prefer that we do so. Of course, we will be ready to answer any questions the Court may have on November 8.

Second, we write to provide the Court with an update regarding the confidentiality of certain materials that Plaintiffs provisionally filed under seal, pursuant to sealing motions that remain pending, ECF 464, 529, 560, 577, 601, in accordance with the operative Protective Order, ECF 112 ¶ 16. A number of those materials have been de-designated by agreement and can now be unsealed. More specifically, following completion of briefing on the summary judgment and class certification filings, Plaintiffs challenged various designations of discovery material as "Confidential" by Defendants, ACN, the MGM Parties, and Anne Archer Butcher, and reached agreement on a number of items. As a result, certain materials that Plaintiffs provisionally filed under seal on the ground that they had been designated as "Confidential" by other producing parties have now been de-designated by agreement and may be unsealed.
